

Kiwiseeds - White Island ®

3rd prize - best hash strain - 420 growers Cup - 2007

White Island is a straight F1 hybrid of the strong sativa strain 'Mako' and the very productive 'Kiwiskunk'. and was grown widely in the 80's all over the of 'Bay of Plenty', a region that year after year surveys have shown produces some of the highest T.H.C content in Cannabis in the world!

The results speak for themselves. A plant with all the spicy sativa tastes of the bush, but not excessive with flowering times thanks to the Kiwiskunk influence. And what's more it isn't a difficult plant to grow.
