

THSeeds - Da Purps

This beautiful variety was 'gifted' to T.H.Seeds® from experienced Nor-Cal growers. A grape flavored resin coated plant; this plant proves that purple doesn't necessarily stands for less quality.

Originally grown from 23-year-old seeds, the Purps™ turned out to be the perfect match for our Afghani male. To keep the spirit of the Purps™ alive we introduced Da Purps™. Expect slight variables in the phenos due to unknown heritage of the original Purps™.
