

600W H.P.S complete set

Complete system consisting of a 600 watt Philips High Pressure Sodium bulb, the choice of [ELT](#) or [philips ballast](#), and strong extra V reflector. Everything is included and only needs you to [wire](#) it up.

These sets are used mainly for flowering and deliver a large amount of lumens. The 600watt bulb will cover an area of approximately 120x120cm.
