

Pump - DAB 600

DAB NOVA 600 submersible pump is ideal for bringing up water with minimal pressure. The NOVA series are suitable for indoor and outdoor use. They can be used in both a fixed or mobile position. The float switch makes it possible for the pump to operate automatically as a result of which the pump can be mounted in a fixed position.

Continuous duty plastic submersible pump. Built in thermal and current overload. Double lip seal with oil bath motor.
