

Pump - Tallas 170 NA

The Tallas range of submersible pumps are robust and reliable, perfect for delivering water or nutrient solution to plants via drippers or sprinklers. Also good for draining waste water from sumps, or for quick circulation of large nutrient vats.

The Tallas 170NA is strong enough to feed 40-50 Bato sprinklers or 100-150 drippers. This model has no floater.
