

Jager water heaters

Ebo Jager has over 50 years of experience manufacturing high quality water heaters. The Ebo Jager heaters are recognizable by millions of satisfied customers around the world. All Ebo Jager heaters are black and have a 2m double insulated cord.

Specifications:

- * Perfect for freshwater or nutrient vat use
- * All heaters are black
- * 2 metre double insulated power cord included
- * Heavy duty 2mm thick shock resistant Pyrex glass construction is twice as thick as most other heaters and far stronger.
- * Temperature is adjustable from 18°C and 35°C with an easy to adjust thermostat.
- * Precision bistable thermostat with an impressive +/- 0.5° accuracy.
