

Bio Bizz - Bio Bloom

Biobizz have been developing and producing soil mixtures, fertilisers and additives particularly for organic cultivation since 1992, making Biobizz the oldest and most experienced supplier of organic fertilisers in the Netherlands. Since Biobizz launched their range of products, many have tried to imitate but have never reached the same quality.

Bio-Bloom natural bloom formula is a complete fertilizer used from the beginning of a fruit or flower production until harvest. It is packed with naturally occurring minerals, micronutrients, amino acids, and hormones of vegetable origin to ensure exuberant flowers and fruit sets. Bio-Bloom can be applied through manual watering or automatic drip irrigation systems.
