

Bio Bizz - Bio Grow

Biobizz have been developing and producing soil mixtures, fertilisers and additives particularly for organic cultivation since 1992, making Biobizz the oldest and most experienced supplier of organic fertilisers in the Netherlands. Since Biobizz launched their range of products, many have tried to imitate but have never reached the same quality.

Bio-Grow is a liquid organic fertilizer, it smells sweetish and can be used in all kinds of soil mixtures. Enriched with sugars, 70 trace elements, humic acids, kelp and vitamins B1, B2, C and E, Bio-Grow is a complete fertiliser. The extra sugars provide an ideal nutrient medium for the bacteria in the soil mixture.
