

Advanced Nutrients - pH perfect - Sensi Bloom

First, you do not have to worry about re-maintain the pH in the optimal range every day ... every week until harvest. You can dismiss meter and pH rods! Second, you get a bumper crop of resinous buds thanks to the continuous contribution of macro, micronutrients and secondary nutrients totally or partially chelated to ensure maximum absorption and assimilation of nutrients.

You will see for yourself the incredible results of humic acids and powerful nonionic surfactant. Both form a compound of nutrition absorption ensure powerful nutrients supplied in each phase. And thanks to the wide range of flowering supplements we've included, you will get large buds.

Sensi Grow A & B and Sensi Bloom A & B are our nutrient formulas based on 2 parts. They are very easy to use, just mix the two sides and that's it, you can continue with your life. Sensi Grow A & B and Sensi Bloom A & B include Perfect® pH so the pH will remain stable at the perfect level.
