

Advanced Nutrients - Revive

Advanced Nutrients Revive sends super-chelated iron, zinc, calcium, nitrogen and other crucial nutrients to rush in and save your plants. All you have to do is add a little to your hydroponics nutrient solution or foliar spray.

Revive's rejuvenating substances race into roots and up into stems and leaves, bringing healing energy and nutrients to each cell. Pretty soon, your formerly-yellow, wilting, curling, suffering hydroponics plants are standing tall, proud and deep green again. New flowers will bloom. Existing flowers will get bigger. You'll feel such relief!
