

Dampkring Classics - Mexican Haze

Dampkring Classics own version of the ever popular Mexican Haze. The male used in this 3-way hybrid was bought back from Mexico in 1995 and used in many breeding programs since. The female is a stabilized F1 of 2 extra special plants, one of them being the same mother used to create other delights such as 'Ocean's Twelve'.

No need to travel to Mexico, a few of these mothers in the garden will prove to be one of the best decisions any grower makes.
