

Grinder - Molino wood - Twisted

Our wooden collection of Molino grinders are exclusively hand-crafted out of oven-dried teakwood to guarantee a consistently stable product in different climate conditions - including the beautiful finish accentuated through a hint of olive oil for protection and a deeper wooden hue.

Since teakwood is a rare exotic wood, we only use lumber from ecologically certificated plantations. The spikes are made out of hardened stainless steel and will not show any wear and tear. Please make your choice between the 8 designs with the pewter inlays made from finest nickel-free pewter and are worked in elaborately.
