

Dutch Passion - Jorge's Diamonds #1 ®

Jorge's Diamond is a unique resin-packed indica-dominant strain that is potent, sweet, flavorful and incredibly smooth smoking. The rare indica-dominant genes are mixed with just the right amount of sativa to give the smoke a very strong soaring long-lasting high. The exceptional taste and aroma are fruity and sweet. The insatiable taste is sweet and similar to wild honey smothered in raspberries.

The strain is almost maintenance free, also spider mites and other pests know to leave Jorge's Diamonds #1 alone. Medical note: By Thin Layer Chromatography the THC percentage was calculated at 16 to 18%, while the strain (medical note) is high in THCv, CBD and CBN.
