

Dutch Passion - Frisian Dew ®

The most beautiful outdoor variety we have ever encountered.
A Super Skunk female x Purple Star male, seen after 3 years of selecting clones. Although we produced many Skunk/Purple hybrids in the past 20 years, we have never seen anything coming close to this hybrid.

Light purple colour.(50% Indica, 50% Sativa). Very high yielder, very good stem to leave ratio (only little leaves). Not susceptible to mold. Absolute premium quality outdoor strain. A must for the outdoor grower.
