

Big Buddha Seeds - Buddha Haze

Having acquired what is undoubtedly the #1 haze cutting in Holland, the world-famous Amnesia Haze (also known as Super Silver and G-13 haze), we knew we had something special. rather than just feminizing back to itself, we crossed it to a reversed Manga Rosa.

The Manga Rosa was collected by our friends in Spain - it's believed to be a real '*Spiritual Sativa*' strain, originating from north-east Brazil.

The Buddha Haze Feminised has an amazing tropical flavoured fruity haze and is highly unique.
