

Big Buddha Seeds - The Kali

The G-force, also known as the G, is an elite clone found in the underground network of UK. Due to its overwhelming power and strength, it is a favourite for growers and smokers today.

Big Buddha's G-bomb retains the outstanding qualities of the G-force... this is a true Indica plant, a real hard-hitting resin producer. Highly recommended for both novice and expert growers; she will reward you with a unique, pungent, medicinal, quality smoke and an impressive knock-out stoned high... a real big hitter!

This truly is the Bomb!... G-Bomb!
