

Rolltray - T2 deluxe

This Original Roll Tray T2L - Deluxe Golden Maplewood is very similar to the T2 in that it is designed to be easily tucked away into a small bag or storage area. However, the dimensions of the T2L are larger than the T2, giving it even more of that extra bit of room for those rolling accoutrements you just can't live without. The rolling V block is removable and has another storage space underneath, as well as a Kingsize or Kingsize Slim paper holder built into the underside of the lid.

Expertly crafted and with a far higher quality finish than previous wooden rolling trays, The Original Roll Tray T2L - Deluxe Golden Maplewood is perfect for a day trip when you need to take that extra little bit extra.
