

## Mr Nice Seed Bank - Dreamtime

The definitive plant for those interested in outdoors/greenhouses. Due to its Afghani pedigree, taste, reddish aura, and magical mind journey tendencies, this plant provides quite a wonderful therapy. No one can be unhappy possessing this nice devil (and a righteous one at that). It has a genetic make-up of Afghan x Afghan/Skunk and shows initial slow growth until it has an established root ball. Then watch out, brothers and sisters. Definitely recommended for the first time growers...go on be a devil and use those horns.
