

## Positronics - Caramel Ice

Caramelice concentrates the flavor and the aroma of his parents, while presenting greater resistance to mold and a notable early flowering. From the fifth week will begin to assume the typical intense orange color and calyx are covered with a large number of trichome, forming "towers of gems" so large and compact, which are called "donkey dick".

An intense citrus flavor, orange , lime, lemon, whole the family of citrus fruits in one variety of cannabis. The aroma combined with the taste are the key to success in this variety, it seems really to have a slice of orange in your mouth.

An euphoric high, typically Skunk, average psychoactive, ideal for antistress moments. Increases appetite.

It is recommended to use retaining system to sustain the weight of the buds and the constant use of fans to air up to the huge bunches of flowers. Essential the adoption of odors controlling systems
