

Bluelab - EC Pen

The Bluelab EC Pen is the latest innovation for hand held conductivity meters and the ultimate handy solution for measuring conductivity.

Hydroponic growing lets you give the best care possible to your plants. The quality of care is in your control.

The Bluelab EC pen measures how much food the plant has available.

The Bluelab EC pen provides a compact, quick and handy way to manage the success of your crops to ensure they have the nutrients they need. Teamed with our Bluelab PH Pen you have a handy, convenient and accurate system for ensuring optimum plant growth and health.

The Bluelab PH Pen and Bluelab EC Pen range has been specially developed as an affordable and effective option for hobby or small scale growers.
