

Bud Box - 240x360x200cm

The original grow tent, Budbox was ahead of the game when it was launched in 2004, and although there are now many alternatives and imitations, Budbox remains a market leader thanks to a process of continual refinement and insistence on using top quality materials. It's no wonder Budbox Grow Tents have a substantial following. Available in an assortment of different sizes to suit your space.

Empty: Fully light proof with a rock solid aluminium frame and fully lined with reflective mylar or flat white. Tough stitching and heavy duty zips mean these tents will last a long time. Double sealed inlets and outlets Heavy duty hanging points and Velcro sealed window. Comes complete in a compact carry case. The Budbox 240x360x200cm is big enough to run 6x600W lamps.
