

## Southseeds - Super Jack

Southseeds Super Jack is an easy to grow Jack Herer hybrid made by crossing Southseeds Silver Skunk with the famous Jack Herer. The result is a fun and easy to grow Indica dominant cannabis hybrid that will do well in all types of growing mediums.

This amazingly vigorous variety will produce high yields of large, medium density buds swelling with pungent resin that has a light lemon pepperiness mixed with a zest of skunk and a flash of Haze. The taste is both acrid and sweet with a refined mix of spiced fruit and cool Haze. Southseeds Super Jack will produce a strong cerebral buzz and has a long plateau.
