

Southseeds - White Widow A/F

Southseeds White Widow A/F is the cross of our best auto-flowering male with the original White Widow clone.

The leaves are broad, dark green and covered with resin. When you barely touch the leaves, it releases a deliciously captivating aroma. Buds are large, thick, hard, compact, with few leaves and loaded with resin. Flowering times are 9-11 weeks and plants can yield up to 160gm.

All the strength of the original White Widow in a deliciously easy auto-flowering strain!
