

## Barneys Farm - Sin Tra Bajo A/F

Sin Tra Bajo as the name suggests,- is outstanding for its effortless cultivation. For rookies and experienced growers, Sin Tra Bajo is an ideal auto-flowering variety. Developed from our vigorous Mazari crossed with the very reliable Lowrider #1.

The whole project was mostly trouble free, with easy selection each step from two very stable lineages. The end result - Sin Tra Bajo, - an auto-flowering, short stocky indica dominant plant that flowers out in just 70 days after germination.

Sin Tra Bajo produces heavy buds that have a seductive earthy toffee aroma, and favorable THC and high CBD levels.
