

Barneys Farm - Ayahuasca Purple

The Farm received a gift of these Red River Delta seeds some years ago. When grown out these incredibly beautiful purple/ruby red plants were a revelation. By crossing with the original Master Kush we found a perfect plant. Ayahuasca Purple displays almost pure Indica traits. Wide fan leaves and a short strong heavysset structure carries colossal dense buds that turn to a beautiful purple hew in the last two weeks of flowering. Branches need support in the final week of flowering. This strain creates a heavenly, relaxing and satisfying effect with a rich, rare hazelnut and papaya aroma.
