

## CBD Crew - CBD PH

### Aroma description:

Spicy and fruity, mango, pineapple and pepper with that cat piss aroma when it is burnt. A true old school classic haze in many ways but with intense flavors and aromas of yester-year.

### Overall description:

CBD Pure Hazeling aka CBD PH is our strongest regular haze strain. With genetics that are the base of all major Haze strains and hybrids that the world has ever seen, this is a great plant for the devoted haze lover and grower. It will yield well and often show ratios well over 1 to 2 in THC to CBD. While it does take some time to flower, the wait is well worth it. For those who enjoy to have a medicinal stash made for a connoisseur, this is the girl!
