B-Real of Cypress Hill is back to introduce his newest collaboration with HSO. This fast, aggressively growing, Sativa dominant Auto will give you the best fruity spicy taste. Dense, very frosty lime colored buds will cover the whole plant in 80 days; try it and you will understand why B-Real got so excited with this strain, it's very potent, and tastes great! Flavors are heavy sour citrus and pine overtones finishing with sweet floral undertones.
