

Stash - 00 Pocket Box

00 Pocket Box is a compact cedar wooden box as big as a pack of cigarettes that is really easy to transport. Fitted with neither hinges nor external clasps, it has rounded edges.

The top lid moves in a circular motion and is effectively closed thanks to some magnets. A mesh situated in the bottom of the box makes it possible to sieve ripe resin coming off buds and trichomes are collected in the retractable drawer that is also closed thanks to some magnets and moves in a circular motion.
