

DNA Genetics - Dj's Gold

DJ Short Blueberry X Jew Gold Cut

DJ Short Blueberry crossed with Jew Gold Cut made this epic f1 hybrid. Expect heavy terpene filled flowers and good yields. Perfect combination of the old and the new taste; rich old school Blueberry and a piney, lemony, Kush flavour of the Jew Gold cut.

Suitable for veteran growers as well as beginners. Great resin production and above average yields make DJ's Gold a "commercial kush variety" everyone can grow as well as being great for concentrate makers.
