

G.Y.O Collection - White Walker Kush

White Widow (Ingemar cut) x Skywalker

Expect to see super frosty flowers and large yields of resin that makes this the perfect plant for all growers and “extract artists”!
White Walker Kush grows fast in the vegetive stage, and explodes after she is flipped into 12/12!

The Skywalker being one of our largest yielding “Kush” varieties and our Ingemar cutting of White Widow also a huge yielder make White Walker Kush an above average plant in the end weight department.
