

## Devils Harvest - OG Reek'n

OG Reek'n is a new age 'fuel' Kush also retains a strong citrus flavour from the mother – a female Wardareek'n which we were fortunate enough to be gifted from Rare Dankness Seeds. OG Reek'n is a cross between a Rare Dankness Wardareek'n female & our own Kuchi Male. We selected a stinky phenotype of this very popular American genetic and crossed it with our most highly-potent and resinous Kuchi male. Through a selection we found a good phenotype which we carefully selected from The Devil's garden to produce the OG Reek'n seeds.

These genetics were always going to produce a killer cross and they didn't disappoint; taking home a 2nd place victory at the highly revered High Times Cannabis Cup Amsterdam in 2014.
