

Extravaganja - Hand Soap

Hand soap is made out of the mildest cleansing ingredient, to which cold pressed hemp oil and natural ethereal oils of bergamot, orange and rosewood are added. The soap also contains vegetable glycerin, making it suitable for frequent or everyday use, and extract of papaya that moisturizes and protects the skin, while maintaining its PH and humidity level.

Extravaganja's hand soap gel protects your hands from damaging effects of a polluted environment, while scenting them with delicious exotic fruit fragrances.
