

THSeeds - Mob

The plant is an East coast Legend- brought to Amsterdam by our Boston friend. It's an incredibly fast, short and fat plant. It looks different than what you are used to- some purple and crazy pink color and it's full of terpenes. This 100% Indica gives a very unique flavor, like nothing you've ever smelled or tasted before. The first time we smoked it in Amsterdam we had great time but kept forgetting our keys so we named it "stupid bud"- be warned- The MOB® is strong medicine! The first entry ever by MOB® was at the prestigious Expo grow Cannabis Cup in Irun 2015 - it won 2nd Place in Indica category - much more to come.
