

Vaporizer - PAX 3

Compact vaporizer with a slimmer profile and a simplified user interface

Intelligent, intuitive and instant. A true dual-use portable vaporizer for both loose leaf and extract. Elevate your vapor experience to the highest degree.

Powerful Vapor

PAX 3 delivers a strong, pure vapor within 15 seconds, and subsequent heat-ups are nearly instant. The latest battery technology powers an oven 2x the strength of PAX 2.

Unprecedented Quality

High-performance from the inside out, PAX 3 features medical-grade materials and a built-in rechargeable battery, for a reliable experience time and again. Backed by a 10-year warranty for added peace of mind.

Dual Use

Switch from loose leaf to extract in just a few seconds with the included concentrate insert. Achieve equally dense vapor, no matter your material preference.

Unrivaled Intelligence

Colored LED lights provide real-time communication and the device conveniently vibrates when ready for use. PAX 3 heats when you bring it to your lips and cools when you set it down.
