

Magic Flight - Wood Stem

Using oddment materials from Launch Box production, our Wood Draw Stems are cut, beveled, sanded and stained by our Magic-Flight artisans. What makes them especially unique, and preferred by many, is that the porous nature of the wood is resistant to bacteria and fungi, and simultaneously filters herbal residue. Available in Maple, Cherry, and Walnut, these smooth, rounded, wooden stems make for an exceptional, natural extension of your Launch Box.

Your purchase includes:

- One Maple Draw Stem
- or
- One Cherry Draw Stem
- or
- One Walnut Draw Stem

Handcrafted with love in San Diego, CA, USA
